

SPECIFICATIONS			
Dryer Brand	Rafodo	Door Style	Right Side (interchangeable)
Panel	Top panel and front panel are interchangeable	Rotation direction of drum	Anticlockwise
	Fully toughened glass touch screen+LED lamp	Dody material	Metal (spray outdoor powder)
Features	Full size smart tumble clothes dryer	Motor	Centrifugal switch motor
Vendor	Well Precision Inc.	Stand upside down	Not available
Color	White/Silver Gray/Pink * Color can be customized	Stackable	Available
Capacity	13kg / 210L (7.4CF)	Delicates Clothes Rack(shoes Rack)	1pcs
Voltage	220V/230V 50HZ or 100/200V-50HZ/60HZ (120/240V~60HZ, 3or4 wire connection)	Exhaust pipe (rear side)	1.8 meter
Heat Source	Electric 2000W/2800W/4800W/Gas22500 BTU	Program	32 type
Motor Power	1/4HPor 1/3HP		Heavy Duty
Rpm	45Rpm		Mix
Noise	59 decibel		Delicates
Air outlet	Backside		Quick Dry 25'
Exhaust speed m/s	11.2		Re-warm 10'
Vent Type	Backside		Custom PGM
Drum Material	Galvanized metal sheet		70°C/160°F
Drum Light	LED lamp		60°C/140°F
Drum Diameter (mm)	660		50°C/120°F
Drum Depth (mm)	630		40°C/100°F
Drum Volume	210		Super
Angle of Door Opening	150°		Normal
Door Size(mm)	535W*435H		Less
Window size for taking clothes (mm)	616W*490H		Power
Door Material	Fully toughened glass (Clear)	Net Weight(kg)	62
Heavy-Duty Fan	220 CFM	Gross Weight(kg)	70
		Package	Carton
		Product Size(mm)	686W*726D*950H
		Package Size(mm)	765W*795D*1060H
		Stackable(Layers)	6
		Loading capacity(40 feet cabinet)	90pcs
		Environment Temp.	-10°C~50°C

BRAND INTRODUCTION

Well Precision Inc. of the United States is a high-tech enterprise specializing in the research and development and sales of household appliances such as smart tumble clothes dryers. The Rafodo brand full-size smart tumble clothes dryers of the United States are developed for

users who pursue high-end quality of life. Based on the pursuit of quality, our parts supplier partners are mostly Fortune 500 companies or suppliers to the Fortune 500. The infinite pursuit and effort for high quality is our responsibility and our aim.

*All components and dryers are designed and manufactured in accordance with the US UL certification

Eliminating mites rate 100%

Eliminating bacterial rate ≥ 99.99%

STERILIZES AND REMOVES MITES, ODORS AND POLLEN.

Exhaust design: The residues of mites,bacteria and pollen can be directly discharged outdoors,clean and hygienic,without residue and odor.

Although heat pump dryers can also remove mites, mite residues still remain in the machine pipes and clothing, causing secondary pollution.

COMMERCIAL QUALITY

There's not enough space.
We have a good idea

Washer Dryer Stacking Rack Stand,It saves space and looks neat and beautiful.

*Washer Dryer Stacking Rack Stand

THE THREE STANDARDS OF WORLD-CLASS CLOTHES DRYER

- 1 LARGE INNER DRUM
- Whole family clothes, all categories, thoroughly dry comforters, blankets and four-piece sets, etc.
- 2 EXHAUST TYPE
- Sterilization and mite removal, odor removal, residue removal, no smell,softer and fluffier.
- 3 DRY QUICKLY
- The American alloy ceramic quick dryer only takes 1 hour, while the heat pump dryer takes 3 hours to dry

The oversized inner drum provides greater rotational space, making it smooth and soft after drying

Wrinkle effect after drying
Comparison diagram

A large inner drum can make the clothes stretch out and have fewer wrinkles.Quilt covers and quilts can be dried thoroughly,-making the clothes softer and fluffier.

A DRYER THAT CAN DRY LARGE QUILTS IS A REAL DRYER

King's Demeanor (210L/13KG)

All metal body
Corrosion resistance and high temperature resistance
Fire prevention is safer
No need for heat pump compressor
No refrigerant R290 required
